WOULD ADD SOME HISTORIC FEATURE

MEMBERS OF G. A. R. PROPOSE ANOTHER FLAG RAISING.

RECORD CROWD WILL COME HERE THURSDAY

Small Boys Already Emulating "Human Fly" Stunts—Citizens Urged to Observe Flag Day.

Wednesday, June 14, is national flag day which has been observed for many years and is established by proclamation of the President of the United States. The G. A. R. is back of an agitation here looking to a general display of the flag on that day. They could be left up then for the following day when Harry H. Gardiner, "The Human Fly," will be in Maryville.

N. Sisson and S. M. Redfield are talking with a number of citizens today in an effort to add a historical interest feature to the exercises of the day. Their chief plan is for the raising of a flag similar to that which was carried out in Maryville about the time of the first lot sale, the seventieth anniversary of which will be celebrated next Thursday.

The members of the D. A. R. will be asked to make the flag similar to that made by Mrs. Emma Saunders, first wife of J. H. Saunders, who was the one selected by the citizens. While the women and girls back in that early day were making the flag of white muslin, red flannel and blue calico, the men and boys went to the woods and returned with a long, slim pole which they skinned and uprighted on a lot near the present court house square.

It is thought therefor that it would be appropriate for the men now to go out and get the best native pole obtainable, place it in the court house yard and have Uncle Jimmy Saunders, who is now 92 years old, raise the flag as he did 70 years ago.

Want Pioneers to Register.

Other plans will be made for the honoring of the pioneers, particularly those who came here before the war. It is desired by the members of the G. A. R. that all those who came to Nodaway county before 1866 or in that year, register in person at the H. T. Crane store or send their name in by mail. They may also phone the name in.

W. R. Jeckson, secretary of the Commercial Club, is in Omaha today watching the "Human Fly" climb the skyscrapers and conferring with Mr. Gardiner and his manager concerning the big day here next week. It is not known, therefore, what part the club will take in the new plans but it is believed that they will co-operate heartily.

Another one of the desires of those who are sponsoring the additional features for the day is that small flags be obtained and given to every visitor to Maryville. Mr. Sisson says that in view of the fact that so much attention is being paid at this time to preparedness, patriotism and Americanism, it would be particularly fitting to thus honor the flag.

Flags are so easily obtainable now that they do not seem to be so highly prized as in that early day when J. H. Saunders sold the various kinds of cloth from his store for the making of the flag. Now they can be bought at so much a dozen.

Everyone Preparing to Come.

Men who travel over the county and drummers who make northwest Missouri say that Maryville does not realize what a crowd will be entertained here next Thursday. It is freely predicted that all records for crowds will be smashed in Maryville.

Small boys are catching the fever although they have not seen the "Fly" yet. The library and the court house are favorite places for the experimenters to attempt to climb. It may be our sad duty to chronicle an incident similar to that at Stanberry recently when a boy tried to climb the side of a building. An ambulance was called into action a few minutes later.

Copies of Denver papers have been received telling of Gardiner's great climb up the capitol dome there which was witnessed by 114,000 people. The accounts say that the climb was full of thrills every minute of the time.

Mrs. Roy Wells, Mrs. Ed Wells, and Leonard King of Ravenwood, were here yesterday to visit Mrs. Leonard King, who is seriously ill at St. Francis hospital.

GLAD SALOONS MUST GO

BUT COUNTY EDITORS MUST HAVE THEIR JOKES.

Ravenwood Gazette Thinks It Will Be Big Funeral—Clearmont News Hopes It's Last One.

The papers of Nodaway county seem pleased that Maryville is to be without a saloon after next Saturday but they are joking about the matter, also. Some editorial sayings follow:

Next Saturday the last saloon license in Maryville is out, so that will leave Nodaway county without a licensed saloon in its borders and it is to be hoped that there never will be another one.—Clearmont News.

If all the patrons of the "Oak" at Maryville turn out to the funeral next Saturday at 10:01 p. m., it will be jotted down in history as one of the largest attended funerals in the history of that town.—Ravenwood Gazette.

The Maryville saloon closes Saturday night of this week at 10 o'clock. The Maryville Bottling Works will close on July 4. This will end the liquor business in Nodaway county and northwest Missouri, outside of St. Joseph, so far as having a license to sell it. You will have to get your "thirst" quenched at St. Joseph or Kansas City after these dates.—Parnell Sentinel.

W.R. TILSON OUT IN THE COLD

County Treasurer's Name Dropped as Convention Sergeant—Punishment for Straddling, Say "Friends."

The special correspondent of the St. Joseph News-Press has the following story in its convention article last night:

"W. R. Tilson of Maryville, former sheriff of Nodaway county, has an order for such a commission, but found on presenting it that his was one of the sixteen names dropped from the Missouri list, and at last accounts had found no way of getting into the convention."

The courthouse friends of the county treasurer are having a great deal of fun over the incident today. They are saying that "Billy" lost out because those in charge of the convention could not decide whether he belonged in the Coliseum or the Auditorium, since he ran on both Republican and Bull Moose tickets at the last election.

PROGRESSIVES WAIT

TEDDY'S DELEGATES WORKING ON PLATFORM TODAY.

MANY STILL INSURGENT

Leaders Fearful All Day That Mass Would Revolt and Name Roosevelt Anyway.

Special to The Democrat-Forum.

Chicago (Auditorium), June 9.—The Roosevelt enthusiasm broke out afresh this morning when the Progressive convention was convened at 10:27 o'clock. Leaders at the convention this morning made the frequent assertion that the delegates could not be restrained from naming the colonel later than 5 o'clock tonight.

The danger was present all day today, leaders say, that the delegates would revolt, take things into their own hands and name Teddy in spite of the peace conferences of the committees. The delegates began whooping it up early and Chairman Robins had much difficulty in getting order so that Rabbi Stolz could lead in prayer.

Immediately after the prayer, four Georgia delegates started a parade and a demonstration for Roosevelt lasting four minutes was held.

The platform was taken up item for item with Dean Lewis reading the planks while the convention waited for the report of the peace committee decisions. The consideration of the platform was broken into by the arrival of George W. Perkins of the harmony committee, who reported that all of the negotiations were friendly and progressing satisfactorily.

Perkins said the Republicans on the committee had not offered any candidates, nor any arguments to refute Roosevelt. Another conference was ordered at once.

By unanimous vote a plank was incorporated condemning Wilson for his alleged failure to protect the lives of Americans on the high seas. The action was taken in the form of an amendment to the Mexican policy plank. Another amendment declares for no commercial treaty with Russia until that nation recognizes the citizenship rights of American Jews.

Senator Borah of Idaho, one of the members of the Republican peace committee, addressed the convention at noon today. At the close of his speech an adjournment was taken until 3 o'clock.

Borah Praises Roosevelt.

Senator Borah declared in his speech that there was a lot of deliberation and judgment in the Republican convention but said that he liked the way Progressives seemed to feel. He said there is no doubt they wanted Roosevelt and there was no doubt that hundreds of thousands and millions of people also wanted him.

STRATFORD CREATED

SHAKESPEARE PAGEANT PRESENTS SCENE OF AVON.

SENIORS INVITES US ALL

In Sixteenth Century English, Normal Students Have Expended "Well Nigh Twenty Pounds" for the Fete.

Shakespeare will be honored, as befits a master playwright, on next Monday. A holiday has been declared throughout the town of Stratford, that our famous townsman may be fitly welcomed. Let no citizen remain at home, lest the great bard feel his absence. His coming has been heralded throughout the country round, and preparation has been made for a vast assemblage.

Those who attend the Class Day Pageant on next Monday morning will be taken back to the days of good Queen Bess. The scene is laid in Stratford upon Avon, and we find the town waiting expectantly for the great bard who is to arrive that day.

The fairies first come trooping in, led by Oberon and Titania. Invisible to the townspeople, the fairies await the approach of their master.

The children of the village play upon the grass, and, becoming tired, arrange themselves about the throne erected for Shakespeare. A group of lads and lassies come strolling by, disturbed by peddlers. Time pressed heavily on these restless folk, and they dance, to while the time away. And while they dance they see the celebrity of the day approaching. They make way for him as he comes, escorted by the gentlefolk of the village.

With perfect ease Shakespeare assumes the place of honor. For his entertainment some of the maids of Stratford sing, and another group dances to the music of the minstrel.

Then Shakespeare calls for his troop of actors. We see, in life, the characters whom his art has made to live in written plays. Macbeth and Lear, Anthony, Bassanio, Falstaff, Portia, Titania, and even mischievous Puck, are there, and are "put through their paces."

When the entertainment comes to a close, the groups, who have lent so much to the day's enjoyment, march twice around the village green, and from the applause is determined which has best pleased.

Will you be there? Well nigh twenty pounds has been expended only that it may be worth your seeing. Remember, on Monday of the coming week, at the hour of 10:00.

Lincoln's Coming Doubtful.

Manager Funk has been unable to come to terms with the Lincoln baseball team of the Western league concerning the game here next Wednesday, and it is now doubtful whether it can be arranged or not. Manager Funk will not know definitely until tonight.

Chicago, June 9.—The Republican national convention adopted a platform as presented by the resolutions committee, headed by Senator Henry Cabot Lodge. The outstanding incident of the day's session was the announcement of the woman suffrage plank.

Senator Lodge mentioned Colonel Roosevelt's name in reading the Philippine plank of the platform, which declares for the policy inaugurated by McKinley and continued by Roosevelt. The demonstration that followed was principally in the galleries, although it was joined in by some delegates on the floor. Senator Lodge, well identified as a personal friend of the colonel, smiled, and waited until it subsided in less than a minute.

PEACE COMMITTEES STILL WORKING NOW

Sensation Created When Borah Addresses Progressive Convention—Peace Prospects Hopeful.

Read Democrat-Forum want ads.

Chicago, June 9.—The conferences of the Republican and Progressive committees proceeded this morning. As soon as the two conventions convened today, Senator Smoot reported back to the Republicans and George W. Perkins to the Progressives, each saying that all the negotiations were friendly and hopeful.

Both were ordered to return and continue the conferences. All the delegates favoring Roosevelt went into a conference on the floor of the Coliseum this morning. The delegates of the favorite sons also participated, each realizing that time was needed and that Hughes' chances become slimmer as action is delayed.

When Smoot had finished his report of the peace conference, the way was cleared for nominations. Arizona, the first state to be called, yielded to New York, and Governor Whitman began the nomination of Justice Hughes. He finished at 12:12 o'clock and a 21-minute demonstration for Hughes followed. Half of the delegates leaped upon chairs and there were several parades.

Nicholas Murray Butler was then recognized and he placed Elihu Root in nomination. At the close of his nomination, Governor Willis of Ohio got the floor and nominated Burton of Ohio.

Weeks, DuPont and Sherman.

Former Senator Burton was given a great ovation.

At 2:21 Senator Lodge was recognized to nominate Senator Weeks of Massachusetts.

General DuPont of Delaware was placed in nomination, as was also Senator Sherman of Illinois.

The Republican leaders went into new conference as soon as the Progressive convention recessed and the committee was closeted an hour with George W. Perkins, the national chairman of the Progressive party, and other Progressives. Both sides agreed chances of peace will be greatly increased if neither side nominates today.

Senator Lodge declared he didn't believe Roosevelt would be invited to Chicago.

Borah Addressed the Progressives.

While the nominations were being made, a sensation was sprung on the Republican convention when the word went around that Senator Borah of Idaho was addressing the Progressive convention.

Speculation immediately became rife. Smoot declared that the speech was not a part of the plan of the Republican leaders on the peace committee. Borah is a member of this committee.

The visit also started a strong rumor that the favorite sons had formed a combination in favor of Roosevelt.

The Republicans were slow in getting together this morning. The delegates were all holding small conferences in the hotel corridors and room, trying to find out "where they were at." No one cared to guess what was going to be done.

The leaders themselves professed to be ignorant of what they held in store before the opening of the convention. The meeting was called to order at 11:14, after the conference of favorite sons and Roosevelt delegates. It is be-

WHAT THE KEYNOTE IS.

The keynote of the Republican convention is greed for office. Everything else is pitched to that.

The party has no issues to go to the people on. It has no program. It has no important criticisms, either constructive or destructive, to make on Democratic acts, though the Democratic party has grappled with questions of the first importance to business, agriculture, national credit, conservation, public morals. It consists of two wings which separated four years ago with expressions of irrepressible animosity, each loudly proclaiming that devotion to principle sent it on its solitary way. Both are now seeking a way to reunite. They differ on one thing—a candidate.

If the two hostile camps could only hit on some plan for division of the prospective spoils which would promise to allay the gnawing hunger for place in both camps, then they could turn the massed genius of a reunited fraternity to the highly delicate and complex question of so gilding this appetite by specious phrases and "stained glass sentences" as to make it appear to the world outside that they had a common faith and a consistent program.

In spite of the keynote speech, the real keynote sounds It is greed for office.—St. Louis Republic.

WHAT is it that makes a soap suitable for the toilet? Is it not mildness, purity, quick lathering, easy rinsing, freedom from alkali?

Ivory Soap excels in all these qualities. It is not sold on the theory that it is a good toilet soap for 5 cents. It is sold on the fact that it is the best soap for toilet use that can be made at *any* price.

City Council Orders Electric Light Election—Wilcox Election "Mythological."

Clearmont will hold a special election on Tuesday, June 27, to vote on the granting of a 20-year electric light franchise to the Maryville Electric Light and Power company, and entering into a 10-year contract with the said company. D. S. Clayton, W. H. Sowers and R. R. Watts were appointed as judges.

EXPECTS BIG CELEBRATION.

Burlington Junction Editor Says to Look Out Saturday.

Saturday night the Oak saloon must close its doors in Maryville, and for the first time in years the county seat will be without a licensed saloon. The bottling works closes July 4, so beer can be bought in case lots for almost a month. But, referring to Saturday night, it would be well for everybody traveling the main roads near Maryville to keep as close as possible to the fence posts and allow the hilarious ones plenty of leeway, for it will probably mean a big celebration.—Burlington Junction Post.

AND ISN'T IT FINE DAY?

Farmers Are Getting Some Much Needed Work Done on Corn at Last.

With the nice weather today, the farmers are all busy planting and replanting corn and the corn being put in is the ninety-day corn. Corn planting has been delayed due to the wet weather and much of the corn that has been put in had to be replanted on account of having been washed out by the heavy rains last month.

Farm work in general is two to three weeks behind on account of the weather. The first cutting of alfalfa is good. Wheat and oats are looking especially good, and clover and meadow crop will be a heavy one. The pastures are fine.

There was a bigger strawberry crop than usual while cherries are not extra heavy because many of the trees having died the last year on account of the rainy weather.

Cooper saw the light first in the sands of Delaware, which he says is the smallest state, although the geographies say Rhode Island has the honor.

Mr. Gooden says that he is spryer than the crickets which used to hop around the basement of his mill 'n Ravenwood for so many years. His chief aspiration is to be known as the youngest old man in Nodaway county.

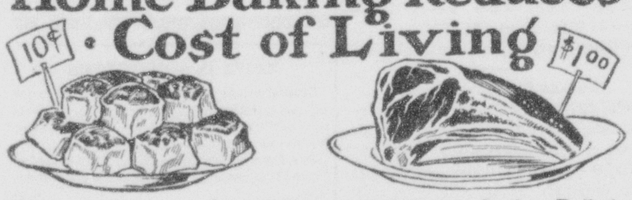
Home Baking Reduces Cost of Living



THE U. S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts of meat the difference is even greater.

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good home-made biscuits, muffins, cake and cookies appeared on the table too often? Instead the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

Home Baking is Simplified by the Use of K C Baking Powder

With K C, you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powders. It is ***double acting*** and continues to give off leavening gas until the dough is cooked through. K C is sold at a fair price—a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws ***and to please.*** We take all the chances. Your money back if you do not get better results with K C than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.

WORK CROPS ON SUNDAY

Fields So Wet That Farmers Seize Opportunity to Fight Weeds, Even on Sabbath.

An unusual sight Sunday was farmers in the field plowing their corn. The continued wet weather has prevented cultivation to such an extent that the farmers feel they must cultivate every day if condition of the soil will permit.

It means failure or success with their crop. While some fields have been pretty well worked, others, and especially those on low or flat ground, have been so wet that the weeds have almost outgrown the corn.—Burlington Junction Post.

CLESTERS IN BAD RUNAWAY

William and Jess Painfully Injured, the Latter Being Dragged an Eighth of a Mile.

William and Jess Clester were quite painfully injured Monday evening when a team they were driving took fright and ran away. When the team started the bit of one horse broke and it was impossible to control the team. Jess Clester jumped from the wagon, intending to drop the lines, but a loop caught above his foot and he was dragged an eighth of a mile, over a hill and across a bridge.

He was painfully bruised but was fortunate to escape serious injury. William Clester jumped from the wagon when his son was being dragged, and he struck the hard road on his shoulder, dislocating it. Dr. C. G. Dean was called and soon had the injured men resting easier, but they will suffer from their experience for several days.—Burlington Junction Post.

ONE cannot help being seriously impressed by the dignity and prestige that surround the name Oldsmobile. For nearly two decades it has served as the title of a distinguished motor car. But we urge you earnestly to let the name carry as little weight as possible in your consideration of Oldsmobile Light Eight. Focus your attention, rather, upon the intrinsic merit of the car itself.

Oldsmobile
Light Eight $1195

The eight-cylinder motor—clean and simple in design—gives forth a strong, smooth-flowing stream of power. It frees from twelve to fourteen miles of swift flight from each gallon of gasoline. Note the roomy luxury of the big body—the wheel-base is 120 inches. Note the restful comfort of the deep upholstery. Observe, too, the skillful workmanship and studied refinement evident in even the minor particulars of finish and appointment. It is this unusual excellence in construction and performance that has lifted Oldsmobile sales to the present point—the highest in their history.

The Oldsmobile Light Eight, 5-passenger—$1195 f. o. b. Lansing. Roadster $1195. Write for our new booklet "The Light Eight De Luxe."

Base Your Judgment on Efficiency---Not Price

The man who spends his money for luxuries frequently becomes indifferent as to quality and durability. If it "looks good" that seems to be sufficient.

You who have been a close observer of the progress made in mechanical skimming, know that the **Anker-Holth Self-Balancing Cream Separator** has made good, and that it now heads the list of reliable and high-grade separators. From the first it has been a revelation to those who used other separators with varying success.

There isn't another separator made that gives such all-round satisfaction as the **Anker-Holth.** Its great simplicity, efficiency and dependability form a triple combination that has never been equalled.

THE G. O. P. PLANKS

(Continued from page 1.)

Lodge's announcement of the woman suffrage plank. "The Republican party, reaffirming its faith in government of the people by the people, and for the people, as a measure of justice to one-half of the adult people of this country, favors the extension of suffrage to women," read the orator, and there he paused, while the suffragists began their demonstration.

"But," continued Senator Lodge when the noise subsided, "it recognizes the right of each state to settle this question for itself."

There were roars of laughter at this qualifying phrase to what the suffragists had celebrated as a clear cut victory, and the convention hall rang with the demonstration of those who approved the qualification.

The temper of the convention managers to hear the minorities might well be illustrated by their conduct toward Edwin J Gross of Milwaukee, who, as a member of the resolutions committee, presented his own minority report containing practically all the much discussed proposals characterized as ultra radical, ranging from governmental manufacture of munitions to the initiative, the referendum and the recall.

Tried to Howl Him Down.

Impatient delegates tried to howl him down, but he repeatedly was protected by Chairman Harding, who insisted that he should be heard. A chorus of "Noes" disposed of his report.

The minority report declared that the Nation best commands an adequate defense which provides for the physical well-being of its citizens and demanded laws insuring safety from industrial accidents and vocational diseases and compensation for the same, as well as strict regulation of employment of women and children.

The report favored a comprehensive survey by the government of the industries, transportation and other resources in time of peace, so that every resource be available immediately in time of war.

The report said national defense should involve equal sacrifices, and there should be no private profit from war or preparation for war. It pledges government manufacture of all munitions and vessels of war in peace times and government requisition of private plants in time of war.

Urged Tax on "War Babies"

The report pledged the acquisition and operation by the government of coal mines and oil wells upon both coasts and in Alaska to supply the navy and government departments.

Regarding taxation, the report said: "We believe that those who have directly profited by the European war should contribute a portion of such profits to pay the expenses of our government caused by expansion of our military program."

A surtax upon incomes, a tax upon munitions manufacture and a graduated federal inheritance tax were advocated.

Regarding neutrality, the report demanded that our neutrality laws be so amended as to make it the duty of the President by executive order to "preserve the perfect balance of our neutrality even at the sacrifice of profits to the money power and the manufacturers of arms and amunitions."

lieved that their chief desire is for delay.

Even Hughes managers admit that the Hughes victory must come early or not at all. Sherman's followers are planning a real demonstration in his honor when the Illinois senator's name is presented.

The Two "Peace" Committees.

Chicago, June 9.—The Republican convention late yesterday accepted the invitation of the Progressives to a conference for harmony. A proposal to that end, adopted first in the Progressive convention, was received in the Republican convention, and adopted with a few scattering "noes" and virtually no demonstration.

Senator Reed Smoot of Utah, Senator W. Murray Crane of Massachusetts, Nicholas Murray Butler of the New York delegation, and former Representative A. R. Johnson of Ironton, Ohio, were appointed as the Republican conferees.

Chairman Robins appointed as members of the Progressive committee: George W. Perkins, Gov. Hiram Johnson, Horace Wilkinson, Charles J. Bonaparte and John M. Parker.

A man who gave his name as John Bettner and his residence as St. Louis was taken into custody by Marshal John Thacker Sunday and confined in the city calaboose until Monday afternoon, when he was delivered to the county authorities by City Physician C. E. Cossins and Police Judge Loren E. Smith.

Monday Alderman G. L. Yaple telephoned to Judge Wm. Blackford at Maryville and after some discussion it was agreed to deliver the man to the county authorities.—Burlington Junction Post.

He was brought to the office of Dr. C. E. Cossins and it was necessary to remove the thumb and part of the second and third fingers of the right hand. The child passed a very restless night but is better today.—Burlington Junction Post.

Will make the present season 3½ miles west of Maryville, Mo., on what is known as the Dickerson farm.

DYNAMO is a big smooth black gray, foaled April 12, 1911 and weighs 2100 pounds. He has wonderful style and finish for so large a horse, yet he is a fine mover. He has superb legs and feet, broad clean cannon bones with a most powerful muscular development. He was sired by PHENIX 42215 and is considered by good judges to be one of the best sons of that famous sire. DYNAMO was first shown at 2 years old, was first in his class at the State Fair and at the American Royal he won over a 2-yr-old that was sold for $2200.00. He has since, been a consistent winner and just last fall at the State Fair he won the Percheron Society medal for the best American-bred Stallion. His colts are showing up exceedingly well, and parties having colts by Dynamo are justly proud of them.
